# RAFTERLINK

Timber Rafter Mounted Anchor

- The RafterLink complete unit includes SafetyLink's patented Eyebolt. The length of the eyebolt enables to protrude above the roof structure when installing into timber structures.
- **Standard Eyebolt** is designed for **fall arrest**, it's long tapered stem is designed to absorb energy while arresting a fall therefore reducing the load off the structure and the person attached to the anchor.

## WHAT AM I USED FOR?

A height safety anchor point designed for use on timber structures where there is easy access to the top of the rafter. Designed with unique energy absorbing capabilities, to reduce the risk of injury to the person and damage to the structure.

## STANDARDS

Complies with AS/NZS 1891.4.

COMPLETE UNIT - PRODUCT CODE: RAFTR001			Weight: 1.446kg
Product Parts	Description	Qty	Material
WASHER 75mm Square	Rubber Hat Washer 75mm	1	Rubber
RAFTER-BASE	RafterLink 0 Degree Pitch	1	316 Stainless Steel
