DATA SHEET

FROGLINK - Surface Mounted Anchor

SafetyLink's patented surface mounted FrogLink has set a new benchmark in the field of height safety. This revolutionary all in one unit has been designed to attach to all metal roof profiles with a single row of attachment holes.

- Fast simple unit for installation, fall protection whilst working at heights.
- Low profile reflective design is a plus for any commercial or residential enterprise wanting to maintain an aesthetically pleasing façade.
- Can be fixed to corrugated sheet metal, trimdek, kliplok and a multitude of other metal roof sheeting materials, can be used for domestic or commercial use.
- Dynamic design reduces the load back onto the structure and person attached to the anchor.
- Designed to suit all roof profiles with a single row of attachment holes.
- Install using 7 x 8mm Tri-fold Rivets (Drill Size 7.8-8.2mm, 27.7mm length, 1.0-9.5mm grip range, Aluminium).
