TUFF-POST 300 Steel Mounted

Product Code: TUFF-POST300S-COL

TUFF POST is a sealed unit made entirely from stainless steel. Designed to be submerged into garden beds, water and other mediums. **TUFF POST** is used in conjunction with a SafetyLink lifeline or energy absorbing eyebolt system.

- ❑ **TUFF POST 300** raises system 300mm off the ground.
- ❑ **TUFF POST** can be used with the FrogLine Lifeline, energy absorbing Abseil Eyebolt or collared eyebolt.
- ❑ Suits positions like garden beds on roof tops.

TUFF POST is designed to raise the height of a height safety system using a 300mm **TUFF POST**.

SafetyLink will provide you with the following:

- ❑ All products tested and manufactured to Australian and New Zealand Standards.
- ❑ All distributors and installers are trained to use SafetyLink products.
- ❑ Supply installation guides, testing results and product sheets.
- ❑ Layout Design Service providing compliant roof safety systems.
- ❑ Supply a large range of roof anchors that protect you from the ground up, allowing complete access to your roof.
- ❑ Installers are qualified to do yearly inspections on your anchors as per Australian and New Zealand Standards.
