# PERMANENT LADDERS

Vertical Shuttle with Karabiner | Product Code: LADER001.10

- Vertical LifeLine Shuttle with Karabiner.
- Will track up or down with user vertically and self lock when a fall occurs.
- Can be installed/removed mid-line.
- For use on 8mm stainless steel or galvanised wire only.
- Must be used in conjunction with a personal energy absorber.
- Heavy gauge aluminium for superior strength.

## STANDARDS

SafetyLink ladders are manufactured to AS 1657 Standards.

Assembling the SafetyLink® Permanent Ladder System is a simple exercise with SafetyLink's comprehensive installation guides. The individual ladder pieces join together with an outer coupling channel that is placed over the top of the inner channel and pop riveted into place.

**A FALL RESCUE PLAN SHOULD BE DEVELOPED PRIOR TO USING SAFETYLINK EQUIPMENT**
