

RAFTERLINK

Abseiling Side Mounted Timber Rafter Anchor

- The RafterLink complete unit includes SafetyLink's patented Eyebolt. The length of the eyebolt enables to protrude above the roof structure when installing into timber structures.
- **Abseil Eyebolt** can be adapted to the RafterLink forming an anchor from where you can **abseil**, creating a safe work station for hard to get to maintenance on buildings.

WHAT AM I USED FOR?

An anchor point designed for use on timber structures where there is easy access to the underside of the roof. Installs onto the side of the rafter. Designed with unique energy absorbing capabilities, to reduce the risk of injury to the person and damage to the structure.

STANDARDS

Complies with AS/NZS 1891.4.

COMPLETE UNIT - PRODUCT CODE: RAFTR004+ABSEIL			Weight: 1.629kg
Product Parts	Description	Qty	Material
WASHER 75mm Square	Rubber Hat Washer 75mm	1	Rubber
RAFTER-BASE-SIDE	RafterLink with adapter	1	Stainless Steel
