DATA SHEET

OVERHEAD LIFELINE

Overhead Shuttle (Nylon Wheels) | Product Code: STAT.SHUTL002

- Specifically for use with SafetyLink permanent horizontal height safety lifeline systems.
- Continuous connection with 8mm stainless steel cable, utilising the Shuttle System, up-to four users per system, two per span.
- No need to disconnect from lifeline as it passes easily over the Intermediate anchors.
- Shuttle constructed of stainless steel with nylon wheels.

WHAT AM I USED FOR?

A height safety system shuttle designed to be used as part of a permanent overhead horizontal lifeline.

The building or structure for the anchorages should be assessed by an engineer, unless it is clear to a competent person that the structure is adequate.

COMPLETE UNIT - PRODUCT CODE: STAT.SHUTL002
