SafetyLink[®]
Innovative
Fall Protection

A height safety anchor point for use on Plywood, will arrest from any direction.

- ❑ Fast simple unit for installation, fall protection whilst working at heights.
- ❑ Low profile reflective design is a plus for any commercial or residential enterprise wanting to maintain an aesthetically pleasing façade.
- ❑ Dynamic design reduces the load back onto the structure and person attached to the anchor.
- ❑ Install using seven 14 Gauge Roofing Screws 50mm long.
- ❑ Must be used with an energy absorbing lanyard with a maximum arresting force of 6kN.
- ❑ Complies with AS/NZS 1891.4, AS/NZS 5532-2013, OSHA 1926.502 and (Plywood –ANSI Z359_18:2017).

SafetyLink's roof anchors are multi-directional. A fall is never an anticipated event when working at heights, therefore the direction of your fall cannot be accurately predicted. All SafetyLink roof anchors are designed and tested as multi-directional.

Benefits of choosing SafetyLink:

SafetyLink's unique designed roof anchors provide fall restraint and fall arrest safety for residential, commercial and industrial buildings. Our roof anchors have patented designs which absorb energy, which means if in the event of a fall the anchor absorbs energy therefore reducing risk of injury to the person and damage to the structure.

SafetyLink's designs represent a perfect engineered solution for working at heights and roof safety fall protection.

- ❑ Fast simplified installation.
- ❑ Multi-directional fall protection.
- ❑ Single person anchors.
- ❑ Rated at 15kN.

SafetyLink will provide you with the following:

- ❑ All products tested and manufactured to current Standards.
- ❑ All distributors and installers are trained to use SafetyLink products.
- ❑ Supply installation guides, testing results and product sheets.
- ❑ Layout Design Service providing compliant roof safety systems.
- ❑ Supply a large range of roof anchors that protect you from the ground up, allowing complete access to your roof.
- ❑ Installers are qualified to do yearly inspections on your anchors as per Standard.
