

V Line SafetyLink's NEW Vertical Lifeline

VERTICAL LIFELINE DESIGNED TO ENSURE SAFETY FROM THE GROUND UP

- ▲ Australian Made.
 - ▲ 5 year maximum inspection period.*
 - ▲ V-Line can be installed whilst installing your ladder or retro fitted.
 - ▲ V-Line is suitable for a wide variety of structures including ladders and monopoles to name a few.
 - ▲ Energy Absorbing Vertical Lifeline Shuttle with Karabiner will track up or down with user vertically and self lock if a fall occurs.
 - ▲ Manufactured from 316 stainless steel and galvanised steel.
 - ▲ The V-Line Vertical Lifeline is rated for up to 4 users per system with a maximum user weight of 150kg and a minimum of 50kg.
 - ▲ Complies with AS/NZS1891.3:2020 and EN353.1:2014.
- * depending on environmental conditions, see instruction for details.

SafetyLink will provide you with the following:

- ▲ All products tested and manufactured to current Standards.
- ▲ All distributors and installers are trained to use SafetyLink products.
- ▲ Supply installation guides, testing results and product sheets.
- ▲ Layout Design Service providing compliant roof safety systems.
- ▲ Supply a large range of roof anchors that protect you from the ground up, allowing complete access to your roof.
- ▲ Installers are qualified to do yearly inspections on your anchors as per current Standard.
