

- ▲ Essential entry point system to any height safety system.
 - ▲ The Ladder Fascia Bracket is designed to stabilise your ladder stopping sideways movement and therefore holding the ladder in place safely.
 - ▲ In addition the Ladder Fascia Bracket has two tie off points to aid in securing the ladder in position. Quick and easy installation to Fascia.
 - ▲ LadderLinks are rated to 150kg and must only be installed to structures and fixings capable of supporting 150kg.
- ⚠️ Foam membrane must not be removed.
- ⚠️ Ladderlink is **not a rated anchor point**, it is a ladder stabiliser and essential entry point device.
