LadderLink is the essential entry point system to any height safety system. Made in Australia from marine grade aluminium the LadderLink is designed to support a ladder, stopping sideways movement and therefore holding the ladder in place safely. In addition the LadderLink has securing points to tie off the ladder providing a safe access point.

- ▲ Made from marine grade aluminium.
- ▲ Wall mounted ladder bracket, fits directly onto wall.
- ▲ Quick and easy installation.
- ▲ Essential entry point system to stabilise your ladder.
- ▲ Australian Made.

SafetyLink's Wall Mounted Fixed LadderLink is a permanent bracket designed to stabilise your ladder. The Fixed LadderLink has securing points to tie off the ladder providing a safe access point, eliminating sideways movement. A quality Australian Made Product.

Benefits of choosing SafetyLink:

SafetyLink's Fixed LadderLink has been manufactured from marine grade aluminium, this metal choice not only ensures a durable light weight product for installation, it also has the added advantage of being a compatible metal, with the LadderLink's large surface area this is certainly an added advantage.

SafetyLink have finished this product off with a protective membrane in the form of a powder coat finish, this ensures your product is ready for any additional colouring you would like to apply.

SafetyLink will provide you with the following:

- ▲ All products tested and manufactured to current Standards.
- ▲ All distributors and installers are trained to use SafetyLink products.
- ▲ Supply installation guides, testing results and product sheets.
- ▲ Layout Design Service providing compliant roof safety systems.
- ▲ Supply a large range of roof anchors that protect you from the ground up, allowing complete access to your roof.
- ▲ Installers are qualified to do yearly inspections on your anchors as per current Standard.
