For further information please visit our website www.SafetyLink.com

LadderLink is the essential entry point system to any height safety system. Made from marine grade aluminium the LadderLink is designed to support a ladder, stopping sideways movement and therefore holding the ladder in place safely. In addition the LadderLink has securing points to tie off the ladder providing a safe access point.

SafetyLink's Fixed LadderLink is a permanent bracket designed to stabilise your ladder. The Fixed LadderLink has securing points to tie off the ladder providing a safe access point, eliminating sideways movement.

Benefits of choosing SafetyLink:

The Ladder Restraint Strap is to be used in conjunction with the Fixed LadderLink. Secure your ladder to the Fixed LadderLink ensuring the strap is installed under the support cradle to prevent tripping hazards.

- ▲ Quick and easy installation.
- ▲ Essential entry point system to stabilise your ladder.

SafetyLink will provide you with the following:

- ▲ All products tested and manufactured to current Standards.
- ▲ All distributors and installers are trained to use SafetyLink products.
- ▲ Supply installation guides, testing results and product sheets.
- ▲ Layout Design Service providing compliant roof safety systems.
- ▲ Supply a large range of roof anchors that protect you from the ground up, allowing complete access to your roof.
- ▲ Installers are qualified to do yearly inspections on your anchors as per current Standard.
